## Hon. Russell Bostrom

settled a multi-party catastrophic Personal Injury matter, involving a 30 foot fall in an elevator shaft wherein the plaintiff had an elevated blood alcohol level. The severe injuries required plaintiff to be on a ventilator for life due to the internal lung damage she sustained. The contentious

liability, damage and coverage issues were mediated into the late hours until resolution was reached in the amount of \$8.5 million dollars. All sides agree that Judge Bostrom's efforts were the sole factor in bringing the parties to an agreement and settling the case. One attorney commented, "I would not hesitate to put any dispute before Judge Bostrom whether I was representing a plaintiff or defendant. I have nothing but the utmost respect for Judge Bostrom. I think he is absolutely the finest mediator I know!"

## Martin Handweiler, Esq.

settled a highly sensitive multi-party medical malpractice case in which a minor underwent a series of corrective surgeries on a skull deformity. During surgery it was contended that oxygen to the brain was cut off causing the child to suffer permanent brain damage. Issues surrounding the case

included liability, causation, damages, insurance coverage and allocation of fault. One attorney commented, "Mr. Handweiler's combined plaintiff & defense background gives him credibility with both sides. He has been in the trenches and truly understands the complexity, dynamics and the medicine." Another attorney commented "He is the consummate professional and I would use him again in a heartbeat!"
